

You're not the only one who can take advantage of this benefit.

Worrying isn't limited to just you and just your situation. You may have a family member that can use our services more. They can and should.

How much will these services cost?

It's a company paid benefit, so there is no cost to you. If other services are needed, such as in-home care, regular service charges would apply. Worry less.

Getting started.

Worry less.™

ARE YOU A CAREGIVER?

A caregiver is someone who is concerned about, or provides physical, emotional or financial assistance to an older person.

As a caregiver, balancing work and eldercare responsibilities can be stressful.

YOUR EMPLOYER ADMIRES YOUR DEDICATION AND WANTS TO HELP.

Starting today, you are not alone.

Your employer recognizes that caring for an older adult on top of all your other responsibilities can be overwhelming. They know they can only get your best when you're at your best. They took a proactive approach to this growing issue by offering the Caring Workplace – resources for working people caring for older adults.

"I just cannot tell you how much my family appreciates what you have done. You have been the voice of reason when we needed non-emotional direction."

HOW CARING WORKPLACE CAN HELP YOU.

Instead of you being responsible for everything, we'll do the work for you! You now have an Eldercare Specialist at your side who will give you answers to questions and access to services that will enhance the quality of life for your loved one, and you.

Through the Caring Workplace, we'll help you assess your loved one's needs and provide expert counsel in selecting the best eldercare options and support services. This program is brought to you by St. Andrew's Senior Solutions, a known community eldercare expert.

NO LONGER STRUGGLE WITH WHAT TO DO.

You determine how you receive information and support.

We are there at your discretion and convenience. Services begin with a confidential consultation. From there your Eldercare Specialist will offer support and resources for whatever needs are identified, such as:

- unlimited supportive counseling to help you deal with the stress and challenges of eldercare issues,
- coordinating outside resources, and
- proactive planning for the future.

No matter how big or how small the issues at hand, we're there to help guide you.

"My Eldercare Specialist has been a godsend. She always seems to know when to check on me and ask about my mom. She is very knowledgeable, conscientious and has become a friend. I highly recommend St. Andrew's to everyone."
